

USDA-FAS Trade Leads Registration

What Are Trade Leads?

Trade Leads offer U.S. exporters timely information on foreign buyers who are seeking U.S. food, agricultural, fish, seafood and forest products. A typical Trade Lead provides:

- The foreign buyer's name, address, phone, and fax.
- Specific products and quantities needed
- Packaging and labeling requirements, if any
- Type of quotation required

These Trade Leads are processed and distributed on the same day. Please note that Trade Leads are not distributed by specific products (product matching). Only those exporters that are part of the U.S. Suppliers database receive Trade Leads by specific products.
